## Mission

Our Mission is to maximize our customer's resources by providing the highest level of service at the lowest possible price.

## Core Competencies

1. **Small Town Business Ethics.** We believe in knowing our customers by name. We invest the time to get to know our customers and their needs. Our word is our contract and we stand behind everything that we do with our 100% customer satisfaction guarantee.
2. **Experience.** For over 15 years Taylor Enterprises has been providing services to Federal, State and Local governments as well as commercial and residential customers.
3. **Technology and Training** are keys to our success. By utilizing the latest processes and products and combining them with good old fashioned hard work we provide our customers with facilities that are cleaner, healthier and more productive.
4. **Commitment to our Environment.** When at all possible we try to reduce our impact on our planet. By utilizing environmentally friendly products and processes we strive to make our planet a better place to live.

## Past Performance

1. Lower Granite Lock and Dam
2. Chief Joseph Dam
3. Little Goose Lock and Dam
4. Washington State Department of Transportation
5. The Confederated Tribes of the Colville Reservation
